

BLUESTAR'S PRECIOUS METALS

With over 130 years of experience making cooking equipment, and as the leading manufacturer of high-performance commercial-style ranges for the home, it is no surprise that BLUESTAR makes the finest residential ranges available. The unparalleled accuracy of gas surface cooking and the versatility found in the baking and roasting qualities of our convection oven make this an unsurpassed addition to every cook's favorite room in the house.

BlueStar's Precious Metals Line of Ranges

BlueStar's new Precious Metals line combines the power and high-performance that has become synonymous with BlueStar products, with unique cooking features and aesthetic sensibilities inspired by one of the world's leading chefs.

36" BlueStar Precious Metals Range in Infused Copper, with optional 12" French Top

Unique Precious Metals Features

- **Contemporary, urban aesthetic** – the range's rounded plate rail and body sides, combined with slim, comfortable handles give the line a sleek, modern look and feel.
- **French doors** – a truly unique feature, the dependent French doors allow for easy loading/unloading that restaurant chefs find essential.
- **12" French top** – a French top provides variable heat zones, perfect for slow cooking, sautéing, and warming sauces. The French top can be replaced with a 12" griddle, 12" charbroiler, or 2 extra burners.

- **Matching knobs and trims** – each Precious Metals range features colored knobs and trims to match the range color.
- **Personalized Precious Metals plate** – each Precious Metals range comes with its own signature plate, inscribed with the customer's name.
- **Six unique colors** – Precious Metals ranges come in six unique colors (in addition to stainless steel) not otherwise available from BlueStar:

	Infused Copper		Enchanted Silver
	Statuary Bronze		Enchanted Sand
	Ginger Spice		Matte Black

Note: Colors shown above are for reference only. For better color representation, metal swatches are available for view at BlueStar dealers.
