FREESTANDING RANGES | INDUCTION

REVOLUTIONARY COOKING SURFACE

Largest usable cooking surface, including two 11" zones. 80% more resistant to scratches, stains, fingerprints and reflection than standard glass.

EXCLUSIVE LIGHT BARS

Patent-pending Power Indicator Light Bar provides a dynamic visual cue for heat intensity. The red light bar grows in size as the power on the zone is increased, replicating the visual cue of a gas flame.

Platinum Induction Series

Bringing Pro to Induction! Durable matte finish cooktop and the largest surface cooking with patent-pending power level indicator lights. The power and precision of an induction cooktop paired with the ideal oversized even heat convection oven.

Customize with 1,000+ colors & multiple metal trims.
